We would like to welcome you this year to take a trip with the help of your C.I. Tour Guide. We, the yearbook staff, have compiled together and would like to bring to your immediate attention the most favorable points of interest in our town. It is simple to use, just turn the pages one by one and enjoy!

With the help of our landmark photographer we can observe some familiar local scenes. Such as (1) our very own Hilton Inn. Adding to this as one of the newer buildings is (2) California Federal. Towering above the city is our first sky-scraper, (3) Commerical and Farmers. When arriving in town, you will be received by one of three (4) "Welcome To Oxnard" signs. And finally when the sun sets, you can enjoy a picturesque scene every night.

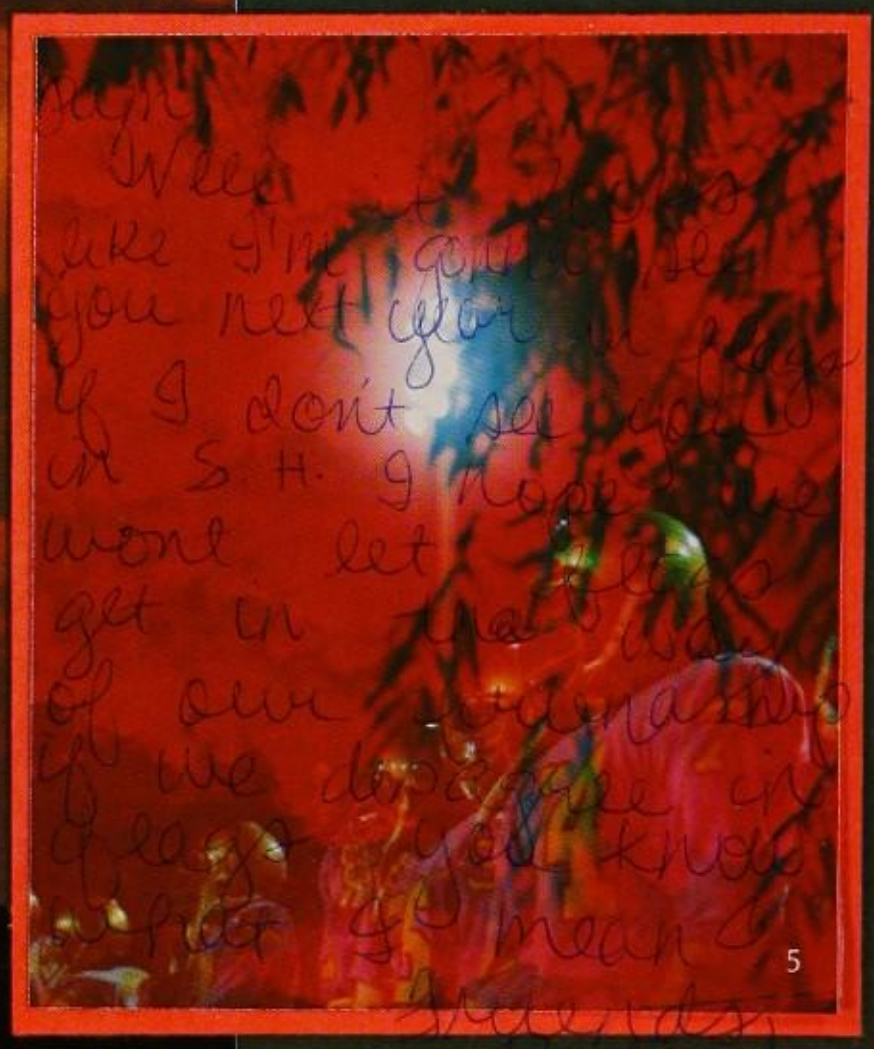
GRABBERS



Some attention grabbers might be the (1) stage band jammin'up spirit at a football game, while (2) band members are expressing their emotions during a game. (3) The drill team proudly executes their routine, as (4) the shields and baton twirlers lead the way to halftime. (5) The players inner-feelings escape on the sidelines during an intense game, and (6) happy band and drill team members cheer our team on to victory.

MORE . . .

Other attention grabbers maybe the (1) bench warmers observing quad activities and others (2) Raiders enjoying cafeteria conversation. Then of course there are (3) the students lining the way to the student store. (4) Carol seems to be searching for something in (side) her sweater while (5) Vince must feel awful short at times.

"ONE OF THE BEST ASB'S EVER"

"One of the best ASB's the school has ever had." That's what most described the hard working but fun loving 77-78 Student Government. With the leadership of President Brian Burns and advisor Mr. Tom Parizo, this year's ASB put on many activities which exceeded most of the activities in past years.

September was our debut, with the Freshmen Orientation and the Teachers' Breakfast. Along with a "Welcome Back to School Dance", the excitement of what was to come was felt by everyone.

The October 1, dance featuring the "Perry Players" from San Francisco, and our Octoberfest was enjoyed by all. Homecoming '77-78 was an extraordinare with STAR WARS as our theme.

A long awaited vacation was in store for everybody during the month of December. And what better way to leave school than with a Christmas rally? Santa Claus and candy canes brought the Christmas spirit to all.

The Spring Cultural Fair was enjoyed by everyone. Entertainment, booths and exquisite culinary dishes satisfied everyones tastebuds.

Our 50's week was a giant leap into the past, leather jackets, bobby socks, rolled up jeans, and slicked back "duck tails" were the fashions of the week. Zany contests and nostalgia brought back the memories of those momentous years the teachers had.

As we reached the rising climax of the year, what a better way to end it than with a Junior-Senior Prom? This first-class event will be remembered by all who attended.

These were the main highlights of the year, excluding numerous dances and other ASB activities.

What will be most remembered by all in our ASB class will be our weekly Tuesday and Thursday meeting, looking up to Brian, Bobby telling us to shut up, getting suckered into a committee, and expecially dreading that private talk with Mr. Parizo in his office.

The hard work, the extra hours, and the cooperation of all made for a momentous year and left 2,600 students very pleased with the '77-78 year at Channel Islands.

Outdoor Recreational Games was a new class this year. We have to really give a lot of appreciation to Mrs. Tatum for all the help she gave us in persuading the administrators to allow the class.

We had a large ramp that most of the guys were riding, but the girls were a little hesitant about getting on at first. I think it was a very beneficial class because it gave the skateboard riders a chance to ride everyday and they didn't have to do it during lunch or between periods when it was not allowed on campus.

PRINCIPAL

The tradition of success at Channel Islands continues to grow. Our faculty and students are working closely together, striving for the reputation of being "the best." The success enjoyed by our musical groups, athletic teams, DECA Club, drill team, FFA, student activities, etc. has given the school a feeling of pride and much to cheer about!

The enviable reputation of our school is, in no small part, due to the dedicated efforts of the graduating seniors, who will shortly be honored in commencement exercises. To the graduating Class of '78 - it is hoped that your experiences here have been rewarding, because your accomplishments have been a source of pride to the community, to your family, and to the staff at Channel Islands High School.

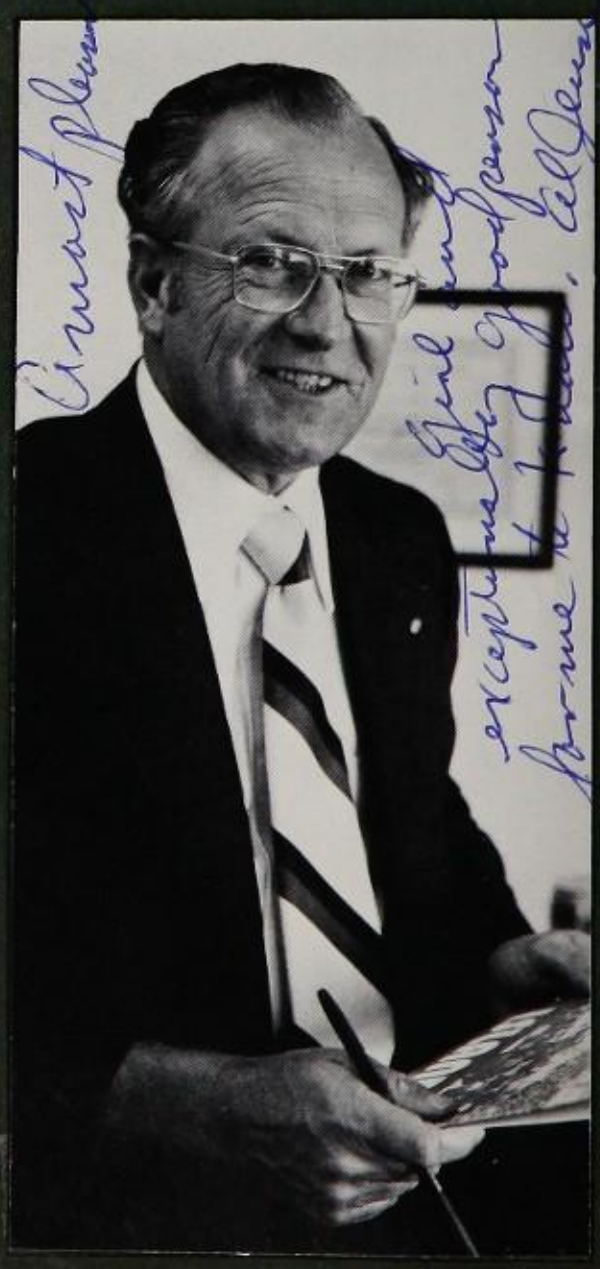
Ken
Benefield

Ken Benefield has been principal of Channel Islands High School the past three years. Under His tutelage, Channel Islands has emerged as a truely outstanding school in every respect, and is considered as the top school in this area.

Mr. Benefield comes to his position well qualified, having served as a Vice-Principal, Attendance Officer, classroom teacher and a championship track coach. He is sincere and fair in his dealings with the students, teachers and members of the communtiy. He has great pride in the students and the entire school. His life is synonymous with Channel Island Hgih School.

ASSISTANT PRINCIPAL - CURRICULUM

Since his arrival at Channel Islands High School two years ago, ALAN JENSEN has been involved in teacher visitations and assistance to teachers when needed. He coordinates the bilingual program, and reviews and makes recommendations for curriculum changes for the school. Al is a very busy man, but never too busy to talk with any teacher or student who might seek his assistance.



CONTINUES TO GROW.

GREAT

The 1977-78 school year began as a year filled with great expectations. Our athletic teams were expected to win championships; our student leaders were expected to influence the course of our school and our district; our school spirit was expected to set an example for others to follow; our enrollment was expected to grow and make us the largest school in the district; and our overcrowded classrooms were expected to hold just one more year until the new classroom wing could be completed for occupancy.

All in all, Channel Islands High School was expected to have a great year in nearly all areas of involvement and the counselors shared those expectations and tried to play a part in their accomplishments.

Being a junior, it was really fun to have the responsibility of doing the cover and the artwork in the yearbook. It was especially fun to work for a yearbook that places so much emphasis on its artwork.

I learned alot from the senior staff so it's kind of sad to see them go, I hope the juniors and sophomores of this year will get involved in the yearbook next year and really make it great.

ROBERT MILLER

"I like cartooning. I try to make my drawings realistic. Sometimes I try to put emotion into them."

"My interests are in the near future. I would like to go into animation."

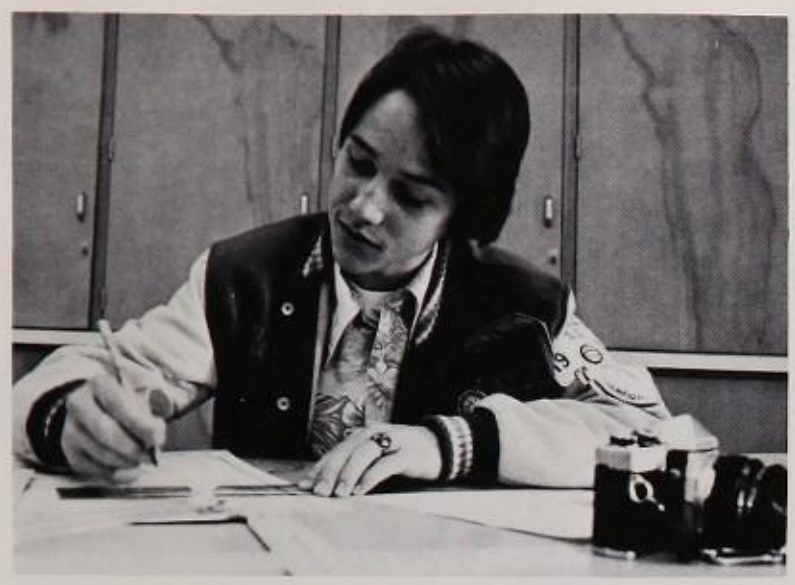
I've been in photography for a little over three years now, and I think it's really a great hobby to get into.

I would like to make a profession of it, hoping to be a television cameraman. With a little luck and ALOT of money, I may get there someday!

My favorite subjects in photography are landscape and children.

I presently work at (God bless there souls) O'conners Photography Studio.

DON ZINK



I started into the field of photography about one and a half years ago as a hobby. Now I'm trying to expand my talents into a profession. I have special interests in model, wildlife, film and audio visual photography. My goal in photography is to become a T.V. sports cameraman. I thank Mr. Burrows for all the help in teaching and guiding me through photography and this yearbook.

NEIL PAPPONE

One of my friends got me started writing poetry about a year and a half ago. We were both in a really low mood so we decided to put our feelings down on paper. At first the sentences made no sense at all, but then we changed a few words here and there and it ended up to be a poem. Alot of different things make me want to write but I get most of my ideas when I'm alone or lying in bed just before I fall asleep.

My first poem was called "He was Special." I thought it was great then, but I read it now and I end up laughing. None of the verses made any sense.

People will read my poetry then ask me if I plan on writing for a living, I just kind of shrug my shoulders. But what I really want to do is become a cosmotologist. I'll always enjoy writing but I'm pretty sure it will more or less be a hobby.

JoAnn McDonald

EVERYBODY'S GONE

Everybody's gone
No one here but me
how lonely and sad
this world can be

I went to sleep
everything great
I wake up next morning
in a different place.

Why did they go
Why did they leave me all alone
I'm so scared my
stomach groans.

I need love too
it's only fair
doesn't anyone
have love to share?

MOTHER EARTH

When mother earth
gave us trees
she also gave birth
to you and me.
When mother earth
gave us land
she also gave birth
to woman and man.
When mother earth
gave us the dove
she also gave birth
to human love.

SECRET WORLD

I'm all alone
I'm locked up inside
my secret world
in which I hide.

It's warm in here
cold outside
going on a trip
getting so high.

Don't know when it will stop
don't really care
my lifes all made up
of only fear.

My secret world
throw away the key
then no one around
only me.

GOLDEN SUNRISE

Watching it rise
seeing it set
golden sunrise
I'm glad we've met

The mighty sun
the ruler of all
for in the dark
we would fall

You give us warmth
and bring us light
from the morning
and throughout the day
until the night.

TAKE YOUR TIME

Take your time
to fall in love
for your problems
will never end
Take your time
to show your tears
or for the rest of your life
you'll live in fear
Take your time
to grow up
slowly sip the wine
from lifes golden cup
Take life slowly
and you'll make it through
and if you need me
I'll walk with you.

DYING

Across the hot desert
the sun shines on
Not a soul around
the waters all gone
My minds been blurring out
for several days.
I guess my brains being burned
from the hot fiery rays
All I know is
I have to find a town
My feet are calloused
My knees fall to the ground
My body lay stretched out
My eyes begin to close
My heart stops beating
And no one will ever know.

THINKING OF . . .

Thinking of the trees
So big and strong
swaying in the wind
Thinking of the moon
So big and bright
it will soon go away
come morning light.
Thinking of the times
I've been alone
listening to music
capturing the tone
Thinking of the many moods
I've been in
Thinking of the time
I was ten.
Thinking of the future
Thinking of the past
the memories I've had
will always last.

VERY FAR FROM WHERE YOU ARE,
CAN'T LIVE A NOTHER DAY,

A PLACE OF
THE WORLD FOR

When Paul was about eleven years old he started his first band. By the time he was a freshman he was playing the drums and the piano. It was during this time he wrote his first song and became serious about music.

After moving to Oxnard he formed another band and continued writing songs.

In 1977, along with three other friends, he recorded nine songs in which he played piano, drums, and sang lead vocal. By then he decided to make music his life.

Then on October 14, 1977 a terrible tragedy struck and Paul's life was taken. All his unfinished songs are lost forever. All that is left now are memories. The dreams of becoming a great musician songwriter lost forever.

I am grateful to have been asked to write this for the yearbook,

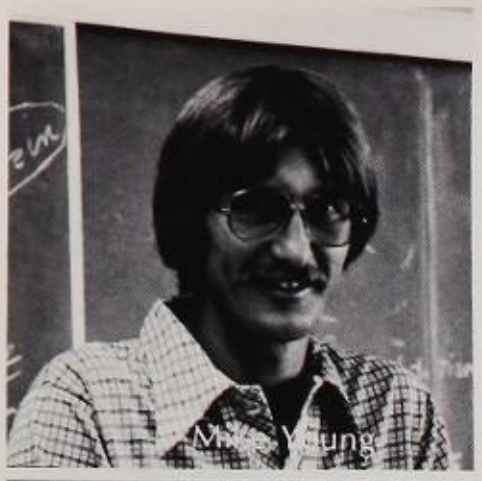
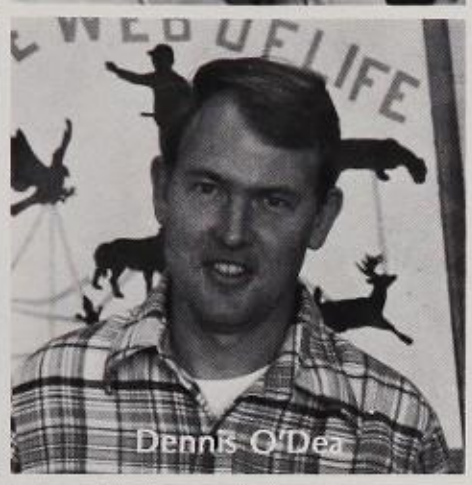
FACULTY
AHEAD

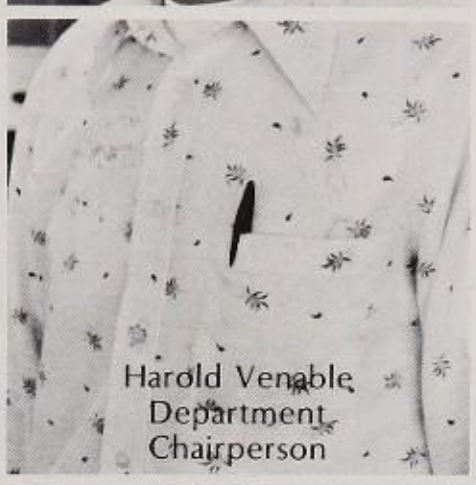
The Agricultural Department at C.I. was a one teacher department that offered courses from Landscape Design to Basic/Horticulture.

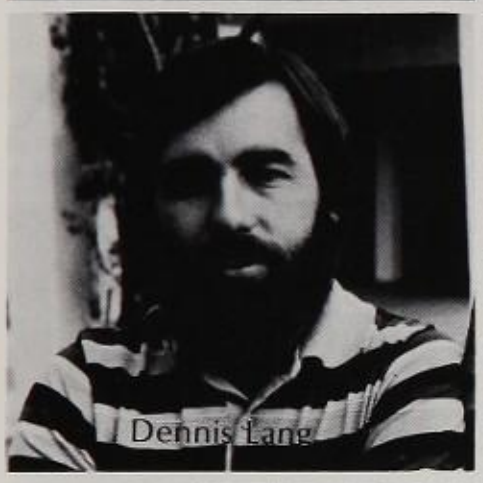
One of the biggest projects of this department was to prepare and enter group and individual exhibits at the Ventura County Fair.

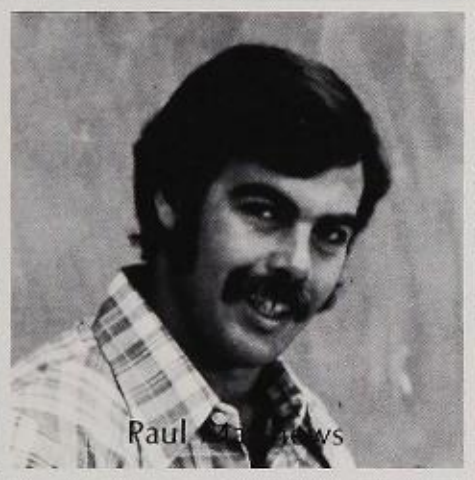
Most students of the Agricultural Department were members of the Future Farmers of America Organization. This organization participated in seminars, contests, and conferences in addition to activities and fund raising projects at school.

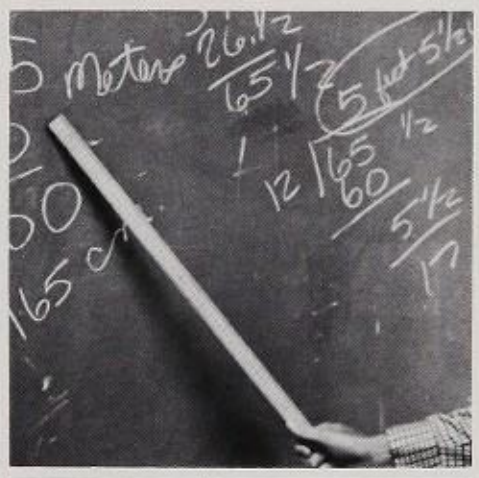


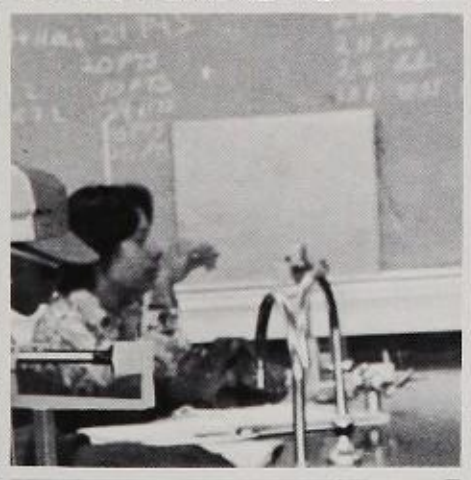


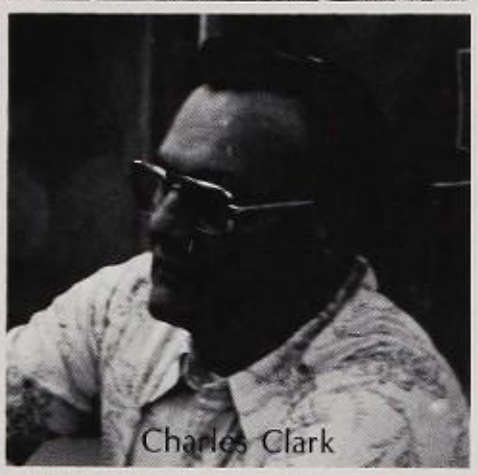


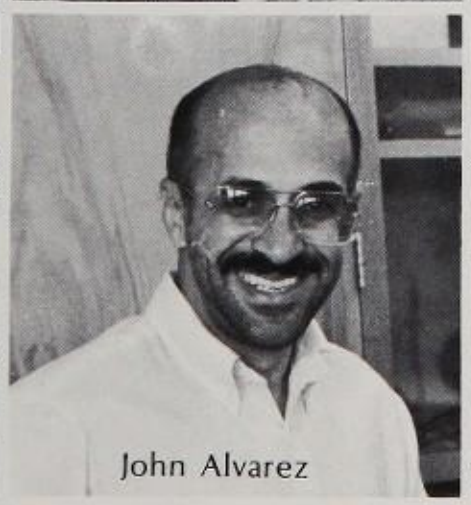


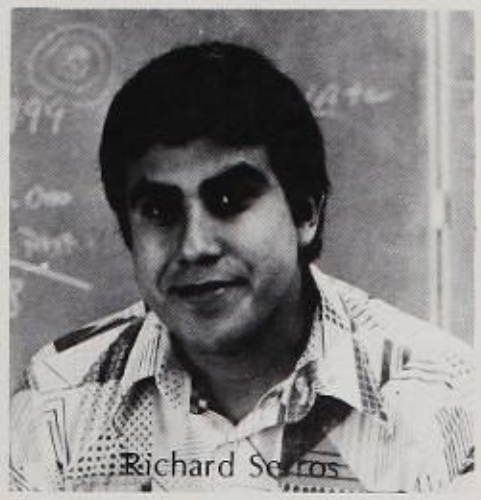












Students learned about the physical and biological world in the Science Department. Most of the classes relied on lab work which ranged from measuring the size of a molecule as freshmen to dissecting sharks as seniors. Some classes studied the world in general such as Everyday Science, while others study specific disciplines such as Biology, Physiology, Chemistry and Physics. This year Oceanography was offered for the first time. Below is a helpful guide to the sciences: If it's green and wiggles, it's Biology If it stinks it's Chemistry If it doesn't work, it's Physics If it's gory it's Physiology.

The Art Department gave students a chance to explore art styles and techniques by offering a wide selection of art classes. Offered were: Art Start, a general survey class for beginning artists, Drawing, Life Drawing, Print Making, Color and Design, Graphic Design, Painting, Filmmaking, Photography, and Advanced Photography.

The students were asked to express the knowledge and skills gained from this experience by creating original art works. Emphasis was also placed on craftsmanship, individuality and experimentation.

Department members were Ms. Rubin, who was known as the Michelangelo of the sign painters, taught Printmaking, Drawing, and Color and Design. She also advised a new club on campus this year, the Football Club. Mr. Bowman who stayed in shaped by running back and forth from the Art and Physical Education Departments, taught Art Start, Drawing, and Filmmaking. He was a new teacher this year at Channel Islands but it was his second year as the coach for the Soph Frosh Basketball Team. Mr. Burrows, who spent part of the year recovering from a trip to Europe, ran the department, advised the Yearbook Staff and taught Photography, Life Drawing and Graphic Design.

THE MUSIC DEPARTMENT attempted to serve the needs of Channel Islands both with a varied course offering and by providing a variety of experiences within those classes. There were three performing organizations on campus: Jazz Band, Concert Choir, and Concert/Marching Band. All three performed numerous times during the year for many different types of functions.

In addition to these performing organizations, C.I. Music Department also offered Chorus, Treble Choir, Survey of Music, Guitar, Orchestra and Varsity Band. Mr. Riggs believes that there was something for everyone in the music program.

The department members were Mr. Riggs and Mr. Engels. Mr. Riggs, the Department Chairperson, was busy this year as Choir Director and also taught Chorus, Treble Choir and Survey of Music.

Mr. Engels taught Guitar, Orchestra and Varsity Band in addition to directing the Concert/ Marching Band and Jazz Band.

The Business Department prepared students in vocational areas. They learned the skills to obtain jobs in offices as receptionist secretaries, clerical workers, bookkeepers, recordkeepers, sales and marketing positions and office machines operators.

The students enjoyed the classes because the business department really taught something that was useful.

The English Department was dedicated to improving the communication skills of the students. Each student was required to take a two year course in the basic, standard, preparatory, or honors program. At the end of the two years, students could continue to take year courses or select some of the many elective classes open to them at the junior and senior level.

Joanne Black, who was the department chairperson, taught English 9B, English 1, and Mythology.
Phillip Bryant taught Language of the Cinema, English 4, and English 4H; and he also worked with the Advanced Placement Program.

Our Foreign Language program tried to meet the needs and the interests of students.

We offered Spanish, French and German. In Spanish, we offered a variety of courses to suit the needs and the diversity of the student body.

We tried to help students acquire an insight in the ways of thinking and behavior of people in foreign lands.

We tried to give students a good background in the language they studied, and to increase their chances for professional success or at least make their travel in foreign lands more meaningful.

Home Economics was where it was happening; from the snappiest outfits and gifts being made in Clothing to gourmet meals, Home Economics was the gathering place on the campus.

Something was offered for everyone's interest, be it decorating that first apartment, or planning and preparing for marriage, or thinking later on up the road to the challenges of parenthood, Home Economics was where it was happening. For all students, Home Economics showed how to care and use your resources and state your responsibilities as a consumer in the community. For thinking now and later, Home Economics was where it was happening.

Heading up the areas: Jeaneen Bellitti—taught Child Development and Foods and wished her students "a nice day" everyday, and "Please push your chairs in." Sue Cooney taught Foods and Consumer Ed. She knows her consumer rights and this year she found out the advantages of Pampers vs. Curity diapers. MaryJane Jacobs taught Clothing, Interior Design, and Foods. She can whip up anything that is needed in the department and always has plenty of time for students after school. Audrey Rubin taught The Family and surely preached well to her students on the blessings and rewards of marriage as well as the quarterback option.

TRACEY BAILEY- I really enjoy cheering and getting to meet new people. I now feel that I am really a part of Channel Islands.

CORINE WILLIAMS- (Coke-co) We've had our bad times along with the good, but over-all, I think it was all worth while. I enjoyed cheering at the games and going out with Cindy and Kelly after games. I hope next year's squad will have as much fun as I did this year.

MIGHTY, MIGHTY RAIDERS!"

BRENDA NANCE- I liked being on the squad because it was fun going to other schools and meeting new people. The people that were on the squad were very nice to be with. Most of all, we had a great football and basketball team.

TERI RODRIGUEZ- (Mousey) My year has been great since I became a JV cheerleader. I have met a lot of new people now, especially at all the games. FROSH GRID TEAM WINS 5TH CONSECUTIVE

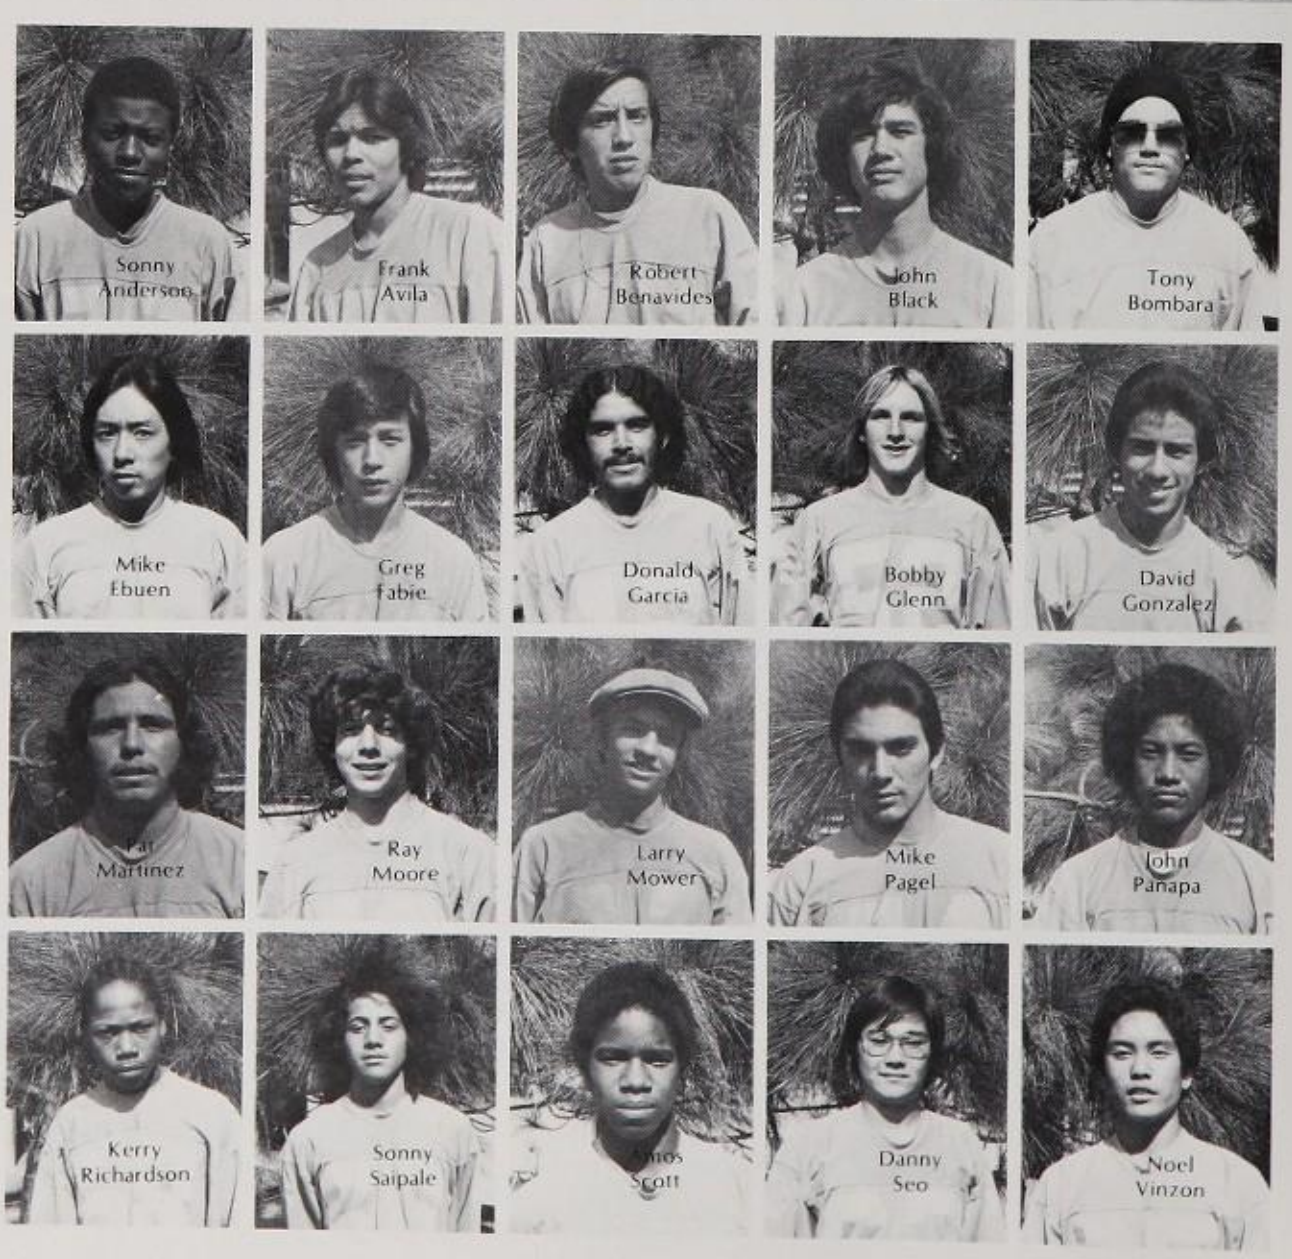
JUNIOR VARSITY HIGHLIGHTS AND ACCOMPLISHMENTS

The story of the Junior Varsity Football Team was one of many highlights and accomplishments in the face of many adverse conditions. The J.V.'s led by Hilria Johnson, Henry Railey, Sonny Saipale, Sam Payne and a host of talented ballplayers scored six resounding victories while only succumbing to the opponent twice and tying once. Head Coach Bill Terrazas and Assistant Coaches Paul Matthews, Chuck Cordes, and Larry Ellis felt that these players did a great job in improving their football skills while more importantly they became "little men" and will be ready to meet the challenges of the Varsity Squad next year.



CHAMPIONSHIP

This year's Frosh Grid Team continued to set records with their fifth consecutive Frontier League Championship and second consecutive underfeated season. During the past three years the Raiders have compiled a 21-4 record with 15 shutouts and have won the last 19 games in a row. The team highlighted their championship shutouts and single game scoring record breaking 7 consecutive 278 points to their opponents 14. The frosh footballers of 1977 proved themselves as a team to be reckoned with in the future.

FRONTIER LEAGUE CO-CHAMPIONS

Joel "PT Barnum" Gershon
Head Coach

"The Year of the Challenge". That's what some have named the 1977 Raiders football season. The Raiders were the defending league champs. Each and every team they met on the regular season schedule wanted nothing more than "to be the champs".

And because the 1977 version of the Blue and Gold was an extremely tough and disciplined group, a group who had not only talent, but the ability to sacrifice, and a driving determination to be the best, they met that challenge. For in 1977 the Raiders of the Channel Islands High School were again crowned champions of the always tough Frontier League. This group of young men can be proud of their accomplishments. Their unrelenting drive for excellence has been rewarded.

Leo "Baby Fido" Wingle
Defensive Coordinator

Along the way to the championship and a 9-2 record they have set many school records. And yet the new statistical standards tells so very little about this team. Their pride, their love for each other, their commitment to a cause greater than themselves gives us a little more insight into what this team was like.

These words reveal so little about this team. You had to be a member of this team. You had to have lived through it each and every day of the season to know what this team was all about. We the student body and faculty salute this team-for their skills, for their efforts, and for their courage. We are proud of each and every Raider who wore the Blue and Gold in '77.

This graduating group of seniors accomplished much

The Volleyball Team finished the season this year with an even 500 record which is not at all indicative of the excellent volleyball that was played. Most of the matches that were lost went the full three games with very close scores. In fact, the total points scored exceeded those scored against CI, 443 to 407. Thus with just a few good breaks, the team could have achieved their goal of meeting or exceeding last years outstanding record.

Lucilla spikes the ball while Olga Chala eagerly awaits outcome.

Alice practices her hitting form while setter, Franky, looks on.

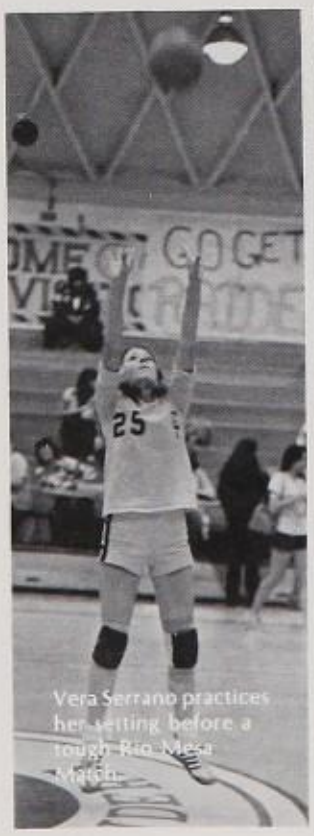
J.V.'S SHOW ABILITY TO COME FROM BEHIND AND WIN

ROW 1-Katie Armas, Florence Orpilla, Kim Babauta ROW 2-Eileen Rodriguez, Debbie Lasala, Donna Diaz, Vera Serrano ROW 3-Coach Rick Harkins, Diana Tuboa, Jeanie Angel, Tina Dysart, Denise Rose, Sue Syvertsen, Coach George Chavez (Insert)

Although the JV volleyball team was young, short on height, and an inexperienced group, this team had a very special characteristic. They had the ability to come from behind and win. An example of this ability was their accomplishment of winning the six league matches this year which went the full three games.

The JV's lost only to one extremely well disciplined Santa Clara team on route to a second place finish and an 8-2 league record.

All of the girls played unselfishly throughout the year and were pulling for each other no matter who the starting team was. There was good commaraderie and the whole team was just a great group of people to work with.



Vera Serrano practices her setting before a tough Rio Mesa Match.

The Lady Raiders of 1978 brought honor, glory, and fame to Channel Islands by achieving a victorious season, and demonstrating the pride of the Raider Spirit. Valiant competitive team efforts resulted in well earned victories and respect. Using a pressure defense and quick hitting running attack, the Golden Girls of C.I. literally drove their opponents into the boards. Many games were won through strong second half performances in which our well conditioned athletes took advantage of exhausted opponents who could not keep up with the devastating pace.

The outstanding inside scoring and rebounding of Marsha Williams and Sue Syvertsen, the quarterbacking of court-wise Jean Morimoto, the outside shooting of Barb Chignola, Alice Corona, Lucilia Juarez, and Carmen Juarez, and the spirited support of Cindy Heck, Elaine Reveles, Mathelyn Samuel, Franky Ellis, and Asako Oganeku made this successful season truly a team effort. The '78 Lady Raiders were proud to have added another outstanding year to the heritage of Channel Islands basketball supremacy.

"This has been a very fun coaching year. Not only did we have another successful season but the players themselves were very coachable, determined to win and had hard working effort. What they have accomplished would truely make any coach proud of his team.

I've had the pleasure of coaching many of these ball players since their sophomore year and 9 of our 12 players will complete their high school basketball careers. This years team has given me fond memories of the 1977-78 season that I will cherish forever."

VARSITY BASEBALL DISPLAYS

This years team will feature an outstanding pitching staff headed by Ernie Carrasco, Ralph Valenzuela and Mando Banuelos. This could by the best staff since we won the CIF championship in 1969. So far this year we beat Hueneme, Camarillo Santa Paula, Agoura and Santa Clara. Our catcher will be Brian Lane and Hilria Johnson. Brian is a great defensive catcher. The infield will be the best in the league with potential all leaguers at every position. They are Ernie Carrasco and Ralph Valenzuela at first base, Albert Canchola at second, Augie Avila at third base and Mario Garcia at shortstop. Our utility men will be Terry Pendleton and Mando Banuelos. Our outfield positions will be very competitive among David Garcia, Mando Banuelos, Terry Pendleton, Ralph Valenzuela, Hilria Johnson and Mike Diggs. These people have great arms and you will see them throw runners out every game. They have outstanding speed and will take away many base hits this season.

Raider baseball will be exciting this year as we have the perfect blend of talent. Great pitching, outstanding defense and good overall team speed. You can expect to see the Raiders run every chance they get and lay down bunts for base hits. With all this we have the other essential ingredient of good power furnished by David Garcia, Ernie Carrasco, Terry Pendleton, Mario Garcia and Augie Avila, any one of which can win a game with just one swing of the bat.

Don "Casey" Cardinal-(22)-12th year varsity head coach-"The Raider baseball team have set as their goals this year that they will be the team that wins championship number 10. They also expect to duplicate the basketball teams' feat of winning the CIF championship."

Myron "Firen" Pyle-(12) (Jr.)-first year, pitcher-"We will take league."

David "Mr. Cool" Garcia-(16) (Sr.) second year, outfield-"Our team has potential, we will win league."

Chris "Geek's" Valenzuela-(17) first year, pitcher-"We're a hard working team and we like to work together."

Hilria "Slick" Johnson-(20) (Soph.)-second year, outfield-"The team is the best I've been on."

Augie "Jalas" Avila-(21) (Sr.)-third year, shortstop- "I feel that this year's team has an excellent chance of becoming league champions because we have known each other for a long time. I also feel that the key to the team is unity."

PERFECT BLEND OF TALENT

Hank "Hammering Hank" Ornelaz-(24) Assistant Coach-"It will be a pleasure assisting Coach Cardinal in coaching the 1978 Raider baseball team. I have coached many of these athletes their J.V. baseball years, and I have also seen many of these talented players increase their baseball skills from their youth baseball days. I have seen these people win in terms of victories and in terms of character development. I could not ask to be associated with a finer group of young men. I am looking forward to this season."

Terry "T.P." Pendleton-(1) (Sr.)-second year, third base outfield-"We should do great this season and win the league title."

Ralph "Fefe" Valenzuela-(5) (Sr.)-third year, pitcher-"All this hard work will pay off."

Mario "Pele" Garcia-(6) (Jr.) first year, shortstop-"Working hard to go a long way."

Albert "Junie" Canchola-(8) (Jr.)-first year, second base-"We bad!"

Brian "Lois" Lane-(9) (Jr.) first year, catcher-"Great team! We'll take league with ease."

Mando "Mr. Juice" Bañuelos-(10) (Sr.)-second year, third base, pitcher-"Everybody plays together as a team and we should win it all."

James "Jim" Lund-(11) (Jr.) first year, outfield-"Great potential, sportsmanship, number one. One heck of a coach."

Bill "Billy-Bob" Guevara-(23) (Jr.)-first year, first base-"We should take league."

Ernie "The Man" Carrasco-(25) (Jr.) second year, pitcher-"Great potential, coaching, player participation and dedication."

SECOND SUCCESSFUL YEAR

Channel Island proved to be a very competitive team in 1977-1978. C.I. tied Oxnard and defeated the 8th ranked team in CIF, Simi. Both were the Marmonte league CIF playoff representatives from the league. C.I. also won 3 out of 4 matches in the Santa Barbara Tournament to win the Consolation Championship trophy. The tournament was highlighted by C.I.'s victory over 3 time defending 4A champions, Santa Barbara.

Basically, a young team with experience, Channel Islands is looking forward to next year in its guest for the league championship.

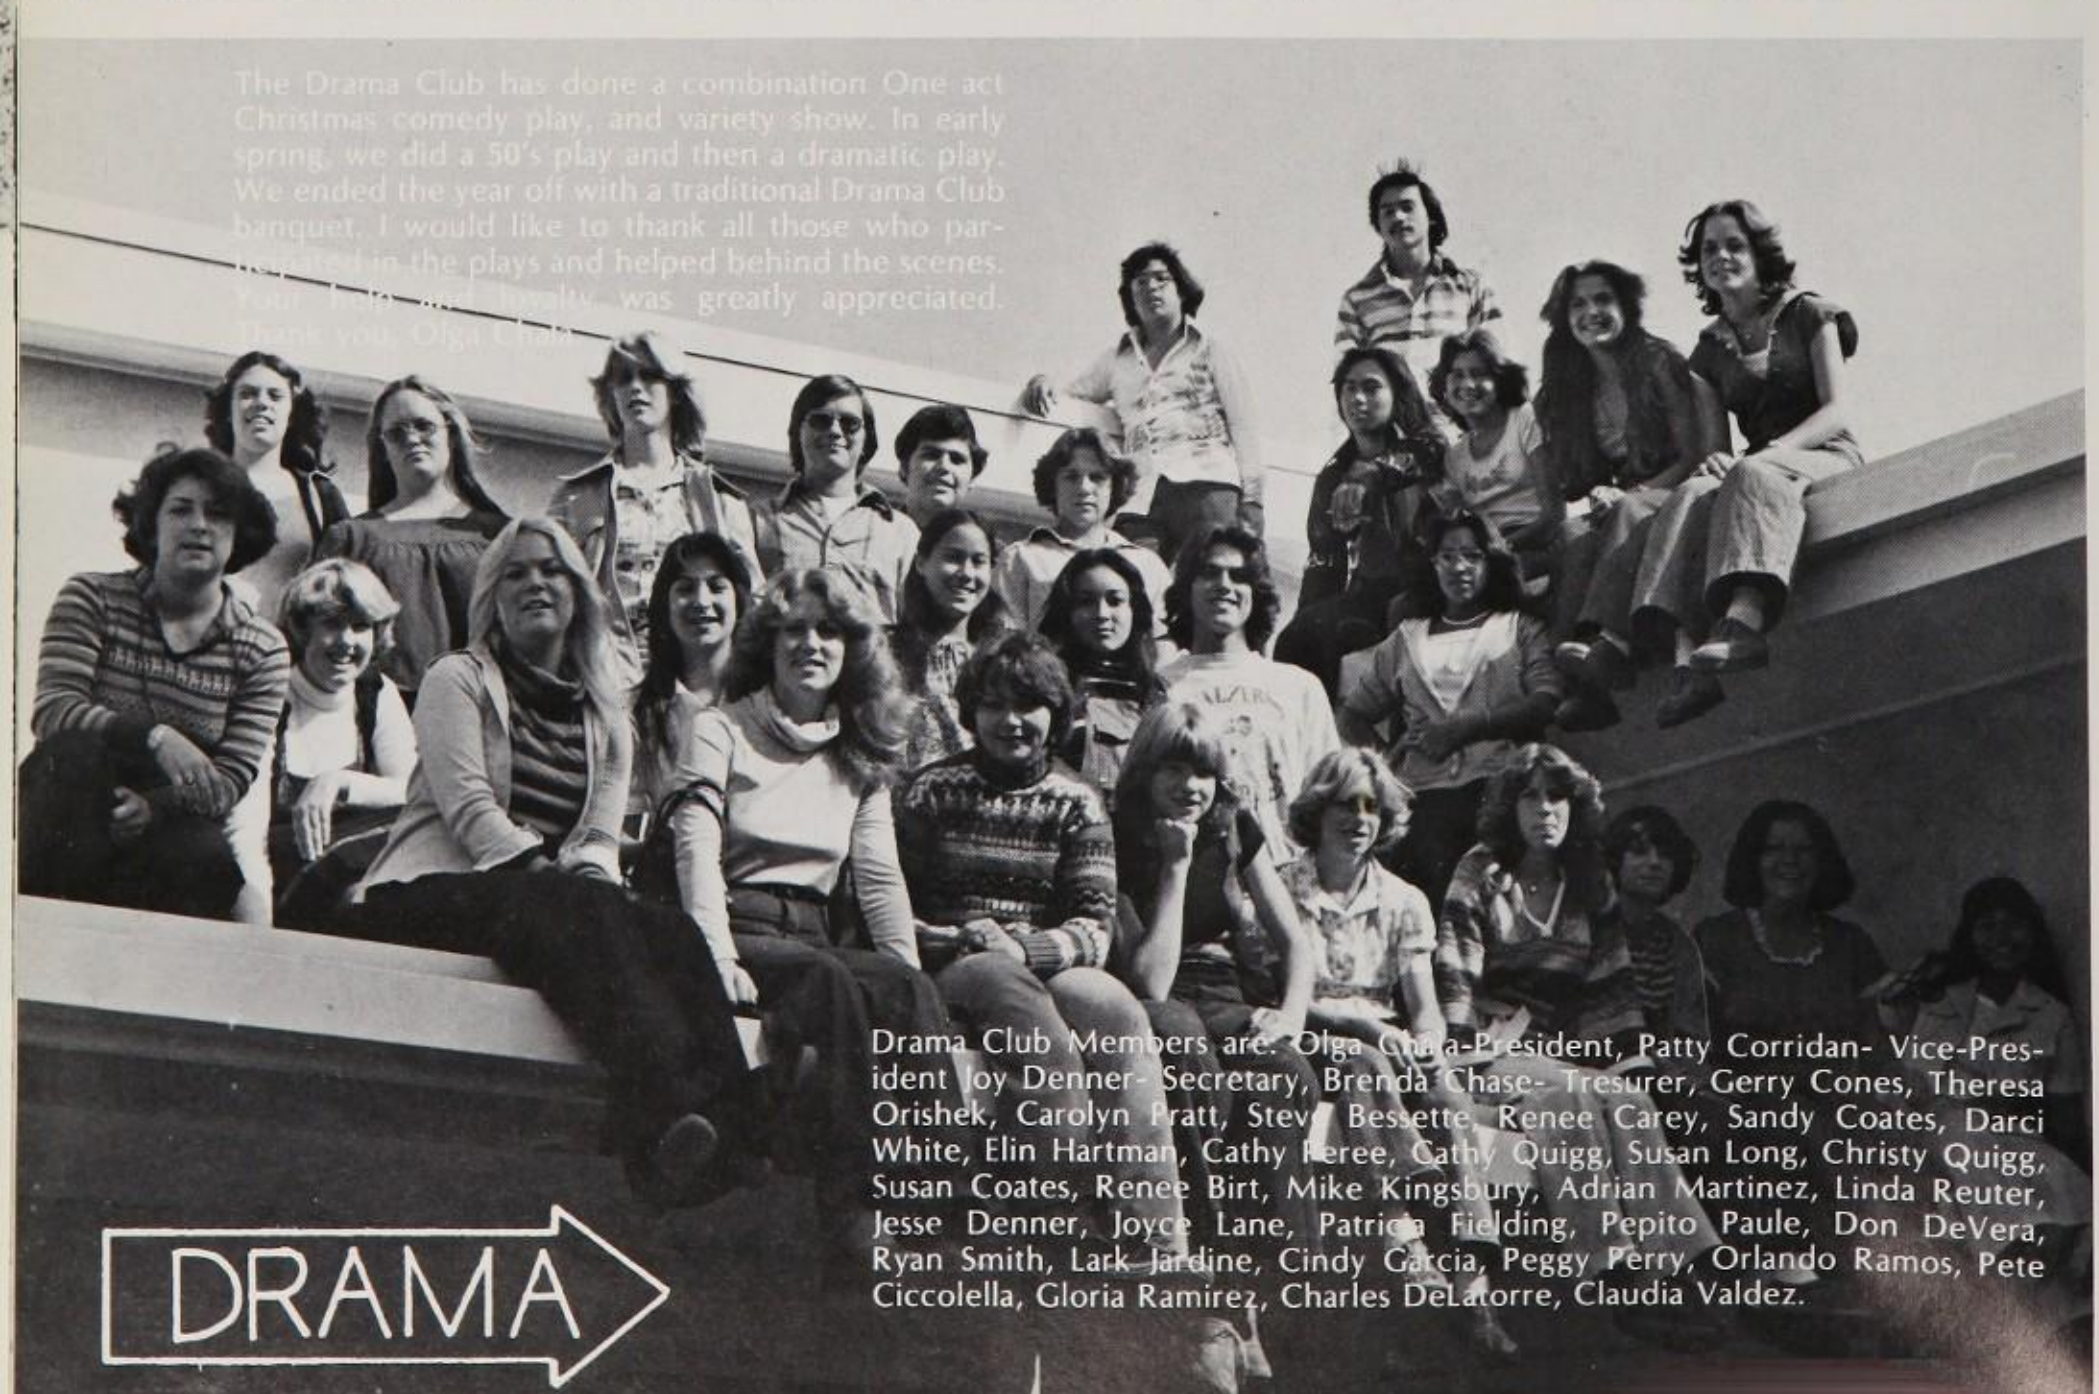
DRAMA



The Drama Club has done a combination One act Christmas comedy play, and variety show. In early spring, we did a 50's play and then a dramatic play. We ended the year off with a traditional Drama Club banquet. I would like to thank all those who participated in the plays and helped behind the scenes. Your [illegible] was greatly appreciated. Thank you, Olga Chala

To have been a member of the C.S.F. club, students must have maintained a high scholastic average in college preparatory classes. This year's fund-raisers included stationery, candy cane and chocolate bar sales. The club partook in several exciting field trips and two outstanding seniors were presented with scholarships at the end of the year.

Best Wishes from Channel Islands Rotary.

This year at Channel Islands, we are fortunate to have two foreign exchange students from Germany. Their names are Renee Carey and Sabine Pagel.

Renee Carey is a 17 year old from Bonn, Germany. She was born in Washington, DC and she is the only child in her family. She is now living with Mr. & Mrs. Michael Smith. Her hobbies are horseback riding, dancing and tennis. She spends alot of her time becoming a part of this school, like being a member of the Drama, Interact, German and French clubs. Her future goal is to go to college and become a Veterinarian.

Sabine Pagel, a 17 year old from Hamburg, Germany is living with Mr. & Mrs. Gary Kempher. Her hobbies are bowling, swimming and dancing. Her future goal is to go to a University and hopes for a career dealing with languages and people's problems. Sabine is active in the German, Interact and the Art Clubs. At her school in Germany, there are no clubs and activities for her to be active in, so she is happy with the opportunities she has here.

Renee Carey and Sabine Pagel.

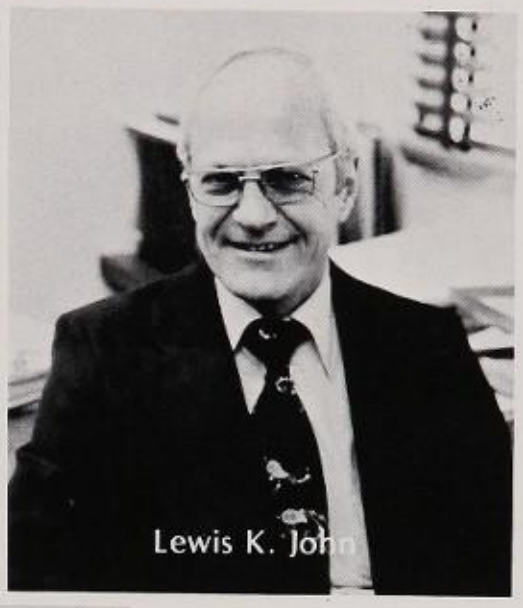
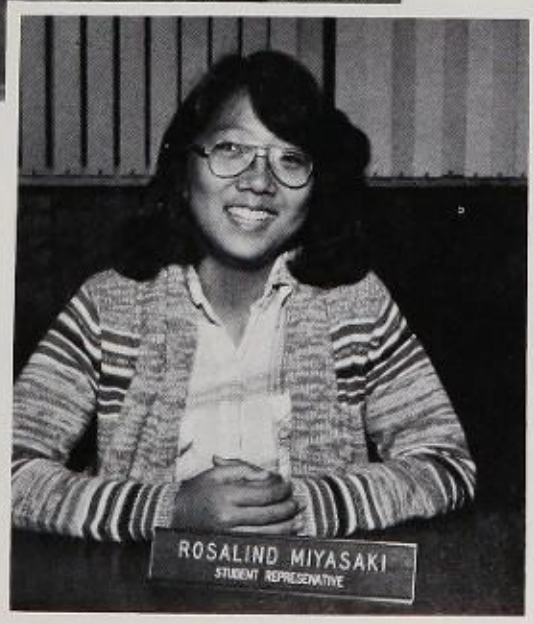
ROSALIND MIYASAKI ELECTED TO REPRESENT STUDENTS ON SCHOOL BOARD

The Business of the Board is to adopt policies concerning the schools, approve the districts budget, approve personnel, approve curriculum and adopt textbooks used by the students.





I was the Student Representative to the School Board of Trustees. I was elected by all the ASB classes of the schools in this district. My job was to represent the views of the students and to bring their grievances to the attention of the board. I attended all the School Board Meetings, visited all the schools once a quarter, and attended all the ODC meetings. This is the 2nd year that we have a Student Representative and power of this office tenses off not yet realized, but as this office develops I am sure it will be brought to its full potential.

"CAREER CENTER — THE PLACE THAT HAS ROOM FOR YOUR FUTURE."

Information, assistance, relevancy; all these were found in the Channel Islands High School Career Center. This large brightly decorated room contained thousands of references, pamphlets, audio visual equipment periodicals and a large wealth of valuable material. Students had the option of coming in with their classes or alone during lunch periods. If there was a speaker scheduled, the students have a sign up sheet to guarantee them a pass to attend the function, the same applies to any films that are being shown. The lunch periods were meant to be the busiest. A student could wander around the room checking all the cross references there were many or just snoop and see what there was to offer. All this was available daily 8:30 am to 3:00 pm under the guidance of Ms. Yvonne Shelby, the Career Guidance Technician.

BILINGUAL-BICULTURAL PROGRAM PROMOTED LANGUAGE ENRICHMENT

The Bilingual-Bicultural Program here at Channel Islands High School was a language enrichment program available to any student regardless of what language he speaks. All the program participants took Spanish and English classes as well as content area classes which were taught in both languages.

It was the goal of the program to produce students with a knowledge of not only math, science, social studies, etc., but also of a second language and the culture of those who speak it.

Approximately 200 students enrolled in the program this year. Extra-curricular activities such as parades, assemblies, and field trips were participated in throughout the year.

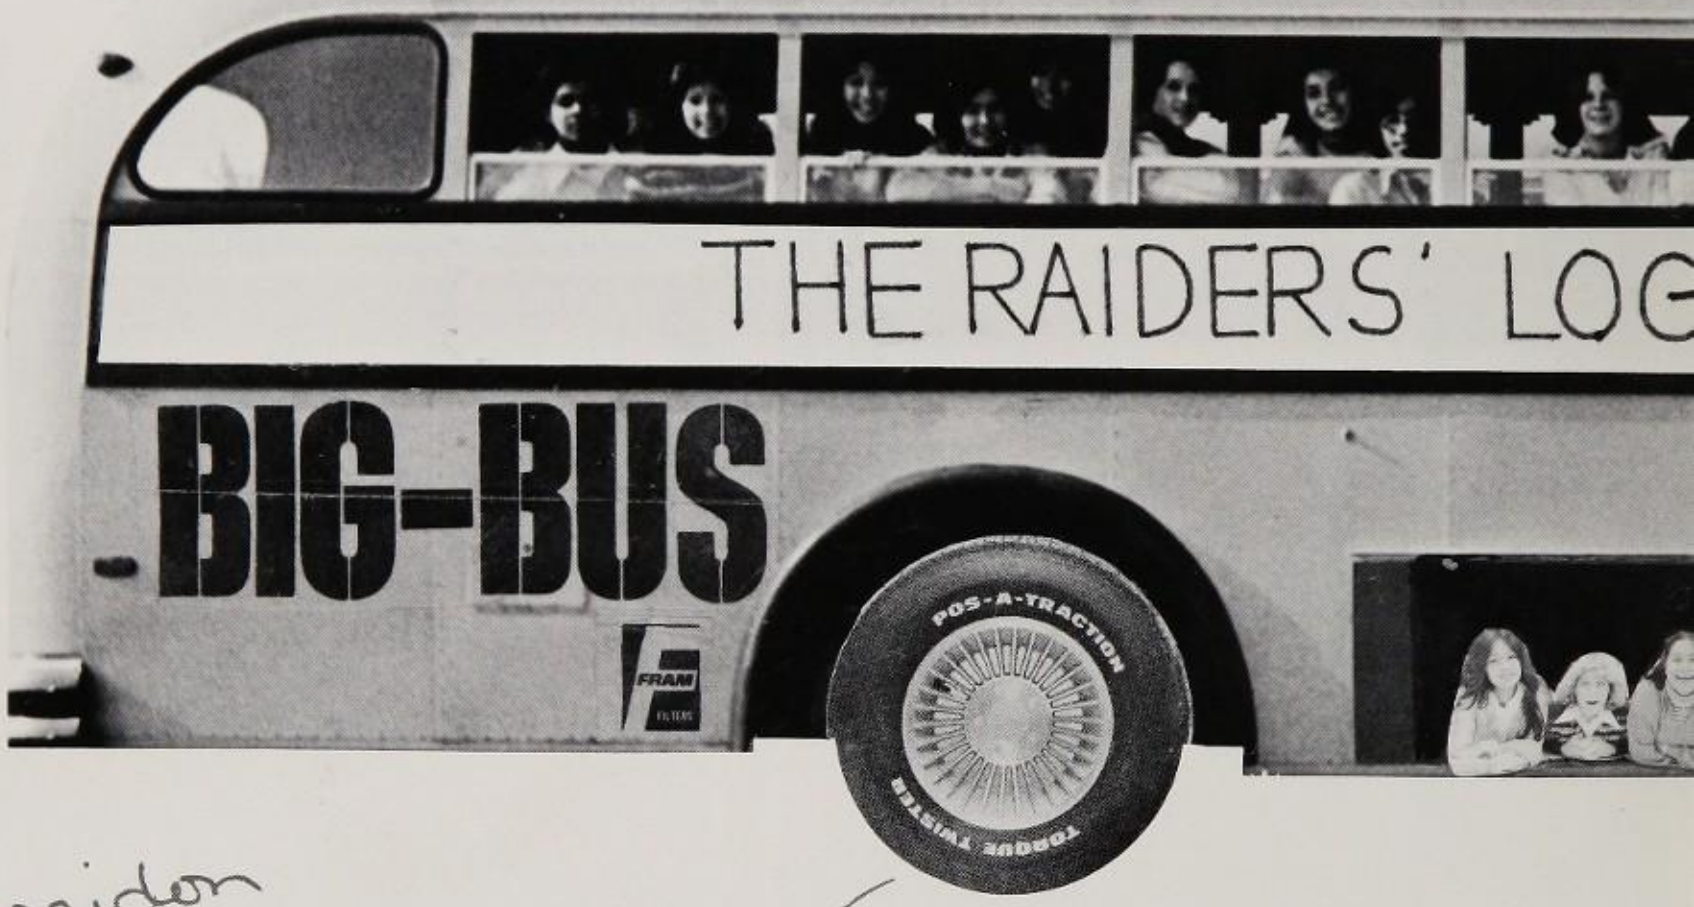
MOST BEAUTIFUL, ENERGETIC, TERRIFIC,

To most people the yearbook class is just to remember the good o'le days, but to us, the Yearbook Staff, it is much more than that. To us, it means HEADACHES GALORE — staying up late on school nights, giving up our weekends to perfect that certain layout, missing lunches AND classes (accidentally and on purpose), so that the job will get done one way or another.

Our advisor, Mr. Huso — oops — Mr. Burrows, had to constantly remind us of — THE DEADLINE. (A word that wasn't popular in class.) This year's editor, Don Zink, has done a good job, but he'll tell you more about it in his own page (Go get 'em Don).

Now a little bit more about how to get a yearbook published. When you are one the yearbook staff you must be willing to give yourself because each and every staff member must take on certain responsibilities.



Don Zink presents flowers from the staff for Mrs. Burrows.

GREATEST YEARBOOK STAFF EVER

Some of these include learning to make consistant layouts, learning how to reduce pictures to fit the layouts, gathering information about the different groups and activities, (hold on I'm not done yet) tracking down teachers and students, writing copy, thinking up headlines and captions. One wonders how the staff learns to do all this (believe us it's not easy).

Well enough of how hard it took us to make it, you've got it now and we hope you enjoy it. So here it is signed, published, and delivered. Hope you had a good one because we did.

Debra Hermojino, Colleen Skupien

Leslie Wachter * Elizabeth Casuga *

The beautiful, energetic, terrific, greatest and best staff Don Zink and Mr. Burrows could ask for: Fransisco Bernales, Lola Buttler, Elizabeth Casuga, Jackie Corona, Donna Corridan, Margie Coster, Maria Cunanan, Marie Ellis, Debra Hermojino, Arlene Hermosura, Mari Kanamorie, Myrna Manimtim, Anita Pacunayen, Neil Pappone, Caroline Paras, Leonor Paras, Edwina Pugay, Yvonne Robles, Ryan Smith, Daniel Solis, Rick Tanhal, Leslie Wachter, Cesar Garcia, Colleen Skupien, Alton Takeyasu, Ed Blake, Barbara Caldwell, Don Zink.

Pam,
Though I've known you for 5 years already I hope to be your friend for many more. I've really Enjoyed having you for a friend. You're a really sweet person, don't ever change. Take care of yourself. Have a nice summer. Good Luck with Jimmy.

Friends Always,
Robin (mommy) Porter

I hope this book can recapture some of your good times at C.I. It's been quite a year that I think most of us will remember for a long time.

The four years that I have spent here bring back a lot of memories. I find myself looking around the campus remembering special times with special people and wishing how much that I could do it all over again. To all of those special people, thanks for the memories.

Sorry about the rise in the price, but as we all know, there aren't as many trees as there used to be!

Of the four years I've known Don Burrows, our advisor, I've never actually seen him upset, not even in the least bit. His patience and understanding is what really made this book possible. I'd like to give him a special thanks, not only for the yearbook, but also for getting me into photography.

The yearbook staff was totally incredible. They worked their tails off to produce the best book possible, and in my opinion, I think they did!

I wish I had the room to thank everyone of them in this memorial, but I think I'd rather do it personally, anyway.

Thanks to O'connor Photography, who really gave us a big help with the pictures. Especially to Mr. "G" whose prints keep getting increasingly better. How I don't know. (Just kidding!) Special thanks to Mr. Larry O'connor who recently hired a rising new talent. (No names mentioned)

Channel Islands is a fantastic school that we should be proud of. Look at the our sports. Football, basketball, wrestling. Hey, we have proved ourselves this year and in the past. Look at out teachers, I don't think there are any that wouldn't help you out with anything they possibly could. But most of all, look at ourselves, the people who make it "OUR" school.

Take it easy,
DON ZINK

P.S. Thanks Mom and Dad!
